DIRECTIONS

St Nicholas' Church is on the outskirts of Pyrford on the B367 north of Ripley. The Council will be reconstructing a bridge between Ripley and the Church so we have given revised directions below:

To St Nicholas' Church, Pyrford:

Leave M25 at Junction 10 and head south on A3 towards Guildford.

Leave A3 at first exit then take the second exit onto the B2215 at the roundabout towards Ripley. Continue on the B2215 for approximately 2.5 miles, through Ripley and at the first roundabout (by the Shell garage) turn right onto the A247 towards Old Woking.

Stay on A247 for another 2.5 miles until a small roundabout in Old Woking and turn right onto B382.

Stay on the B382 past Hoebridge Golf Centre and past the International School then turn right onto the B367, Pyrford Common Road, signposted to Ripley.

St Nicholas' Church is approx. half a mile down here on the right.

From Church to Great Fosters:

Leave St Nicholas' Church and turn left onto B367. Follow to end then turn right onto Old Woking Road, B382 and then at the first mini roundabout turn left onto A245.

At next roundabout turn left continuing on the A245 until you reach a large roundabout where you take the last exit onto the A320.

Stay on A320 straight over roundabout at McLaren Technology Centre and over the Otter Harvester Roundabout.

At the next roundabout continue on the A320 which is the first exit then take the third exit at the roundabout outside St Peter's Hospital still on A320.

At the next roundabout take the first exit onto B386 and then immediately right onto Hardwicke Lane. This becomes Lyne Crossing Road – stay on it until end T Junction and turn right onto Trumpsgreen Road.

Beware police speed checks from here.

Go straight over the next lights where the road becomes Stroude Road and Great Fosters is along here on the right after about a mile and a half.

Evening Guests to Great Fosters:

Leave M25 at junction 11 and head west on A317.

At first roundabout turn right onto A320 then take the third exit at the roundabout outside St Peter's Hospital still on A320.

At the next roundabout take the first exit onto B386 and then immediately right onto Hardwicke Lane. This becomes Lyne Crossing Road – stay on it until end T Junction and turn right onto Trumpsgreen Road.

Beware police speed checks from here.

Go straight over the next lights where the road becomes Stroude Road and Great Fosters is along here on the right after about a mile and a half.
